PRODUCT PHOTOGRAPHY

Product Photography ○————○

Starting at
\$75/HR

Just inform me of your requirements, and I can provide an estimate of the hours needed for photographing your products. If you have numerous similar products, the pricing can be adjusted based on the level of customization desired for each batch of photos. Generally, I can accommodate products ranging from the size of a dime up to approximately four cubic feet in my studio.

Clipping Masks/Products on White ○————○

Starting at
\$75/HR

Product photography against a white background, or with the background removed entirely, demands a considerable amount of time, attention, and expertise during the shooting process. I can also edit older digital photos to remove their backgrounds for you. The provided pricing is an estimate derived from previous projects. However, for more intricate imagery, additional time may be required, potentially affecting the final cost.
