SENIOR PORTRAIT SESSIONS

Senior/Student Session

\$350
Starting at

Senior portrait photography captures the essence of a significant milestone in a young person's life: their transition from high school to the next chapter. It's more than just taking a picture; it's about encapsulating their personality, achievements, and aspirations in a single frame. These portraits serve as cherished mementos, marking the culmination of years of hard work and growth. From selecting the perfect location to guiding poses and expressions, senior portrait sessions are a collaborative journey aimed at creating timeless images that reflect the individuality and spirit of each senior.

Our student sessions offer 45+ minutes of photography time, allowing for up to 3 outfit changes. You'll receive a minimum of 15 fully edited images* uploaded onto a personalized USB stick that you get to keep. Ideal for high school or college graduates, these sessions are also perfect for friends who want to capture memories together—all at an affordable price.

**Included in the session fees are carefully selected and edited images from your session, available for upload to Google Drive or transfer to a USB stick, comprising all chosen digital files © Amy Daggett Photography. Please note, prints are not covered by the session fees. Should you opt for prints, you may take the digital files to a print shop, my recommended options are:*

Image Craft in Phoenix

3401 E Broadway Road
Phoenix, AZ 85040
